

One of the most important things I do as a U.S. Representative is help people with federal problems. Although I cannot override the decisions made by a federal agency, I can often intervene on a person's behalf to answer questions, find solutions, or just cut through the red tape.

Below you will find a list of agencies that I can help you with. However, regardless of which agency you need help with, I need a completed [privacy authorization form](#) to comply with the provisions of the Privacy Act.

Please click here for a printable version of the [privacy authorization form](#) and then fax or mail to the address listed under the agency from which you are seeking assistance.
